Dear partner,

Thank you for your interest in promoting Tilburg University as an exchange destination to your students! Since most promotional activities take place online, we have created a digital promotion kit to replace our physical kit that we would normally send you by mail, for the time being.

It can be accessed through this link. The materials included are our factsheet, our flyer, our promotional video for exchange and several pictures of our campus.

Our website is there to help students find their way during their application process. Click on the links to learn more about Tilburg University and our incoming exchange program:

- Promotional video Tilburg University
- Campus tour
- Tilburg University Sport Center
- Tilburg as a city
- Housing for international students
- Tilburg University’s CUBE

In the end, who would know better if an exchange semester at Tilburg University can be recommended, than the students who were studying at our university! Watch their testimonials to see what’s it like to be a Tilburg University student:
