

PORTLAND REGION: Percentage of Housing Units Affordable at 100% of Regional Median Income by Census Tract, 2008-2012

In 2008-2012, a household with 100% of the median income, in the Portland Metro Area, could afford a home valued at \$215,294, or a monthly rent of \$1,327. (100% of median income = \$53,078)

Legend		
Regional Value: 48.8%		
■	1.7 to 20.0%	(56)
■	20.1 to 36.0%	(105)
■	36.1 to 48.7%	(82)
■	48.8 to 64.9%	(126)
■	65.0 to 79.2%	(78)
■	79.3 to 95.5%	(43)
■	No data	(1)

Note: Census Tracts with "No data" did not have sufficient data available.

Affordability cut-offs for owner-occupied housing assume housing spending equal to 30 percent of the relevant percentage of regional median household income level (American Community Survey, Bureau of the Census), insurance costs equal to the statewide average home insurance (Home Insurance LLC, reported in 2013), statewide average property taxes as a percentage of household income (State and Local Government Finances, Bureau of the Census, 2010) and a 10 percent down-payment. Rental cut-offs were calculated as 30 percent of the relevant income level.
